Alright, Lets return home!
O.. ok
but Will
A spell that allows us to return quickly ?
うーん…
Picture my home_ my home_
Set destination to the office

Here we go!
Ugh Dammit
[Return Home]

!!!

This... is... Master Kian's Office?

Have a look at these scrolls
John-Sensei
Wi... Will What was the spell just now ?

What's with those three?
They broke in with the goal of securing me and the documents on your family
!!!
Yes
And decided to come all the way to save me
Because of that I knew that you being called back was a trap

Even here he solved everything in the same way by using magic
Is the same magic used on Jean
The magic used to restrain these three
But before asking about that, I need to tell him something important
Listen well Will!!!
huh?!!

Y...Yes
Certainly you can use various types of magic and have saved me with those
From now on, stop doing dangerous stuff like this
I I'm sorry!!
But!! You are still a child!!
This is what he really wanted to know so badly this guy
And all the spells you have used up until now please explain them to me!!

I just returned!
huh?!
!
!
John?
Welcome back dad!
Did Will wake up?
Anything strange happend while I was gone?
No nothing I can think of

That aside what happened Will?
umm
The intel we were given was fake
I was worried about having left you home so I hurried back
What's wrong? didn't you have work?
How do I explain this...
Ah ! That's right !!!
The one who s supposed to have returned home is here so something must've happened
About the three people and about John.....

Wha..
!!!
It seems like 3 intruders got into the mansion but your son restrained them
And then he he went to the Vellors mansion and rescued me from confinement
Is that true Will?
... um...
Will dad..
Believe all of this...

Will
u
B..
because..
Don't tell me you kept your magic a secret from your father, too!?
As a baby I had kept it a secret to
surprise them a bit but.....
It's no longer at a level where they would just be surprised

We need to know and you need to tell us
Won't you tell me about your magic as well?
That's right
If I don't come clean here I won't be able to move forward
Ever since I was born I have known about magic
And I also had the magical power to invoke spells

That is why everything John-sensei has said
Is the truth
I have heard of some cases where a newborn has some kind memories since birth
But to think that Will was like that
I see.. that explains alot of things
Hey Will! there is no reason to have that kind of expression
!

A um in the office
So where are the intruders?
Yea
!
Then you come as well we might need your help
yea
I'm not disliked
It will be getting interesting from now on
That's a great achievement hold your head high! as expected of my and Lily's child
...

These three
This is...
[Barrier removal]
Will can you remove this barrier?
Yes
As I thought

These three are part of an organisation called [Shadow]
Shadow?
People who will do anything if requested be it an assassination or anything else
A. Assassination
k I guess the mask won t be removed easily
!?
This is !!!!!
Slavery Collar !!!!
Why is the forbidden demonic tool !!

What is the Slavery collar?
um
Just as the name suggests a tool that enslaves the wearer
When ordered the wearer will fall into absolute submission and follow orders regardless of their own will
Even if they did not wish to
Even these three they might be unconscious but if you freed them they would start moving again
Is that like somekind of brainwashing I wonder? controlling people like dolls... so cruel.....

[Such a collar

ch

Should just Break] !!

Removing the forbidden demonic tool just like that.

Will? what did you just do!?

No I just mumbled in japanese

!!?

[such a collar should just break] what does that mean please tell me ??!!
Your pronunciation is messed up
That's right I've been up and moving like a duits
But I'm still a four year old child...
Huh ?
What s this so sleepy
Will ?
Wai Will?
Will!!?
